

Things you need to know before deciding to go...

- ✘ You need to be able to go for the **ENTIRE** time for the experience you choose – this allows for a focused impact on the community we are working with.
- ✘ You need to be available for fundraising and training meetings
- ✘ You need to prepare yourself to have an attitude of being:

FAITHFUL – to the responsibility of preparing for this experience in all ways (spiritually, financially, physically, emotionally)

AVAILABLE – to do whatever, whenever asked as we serve on this experience

TEACHABLE – to have a humble spirit and be open to what God may be demonstrating about Himself through the opportunity or people.

If you have any questions about these mission opportunities or what is required to be a part of the experience, please speak to Jamie **ASAP!**

APPLICATION FORMS NOW AVAILABLE ON THE SUMMER OF SERVICE INFORMATION BOARD AT THE CHURCH!

Experiences*

NATIONAL PROJECT

OHSWEKEN VBS & YOUTH PROJECT

*August 7-12, 2011
(senior high & twentysomethings)*

OHSWEKEN VBS &

YOUTH PROGRAM

Since 1997, **Careforce International** has been working directly with First Nations youth on reserves in Canada, exploring and developing their potential so that they will lead their communities to health and vibrancy. The needs of these at-risk youth across the country are vast. They are currently focusing efforts in Six Nations of the Grand River (near Brantford, Ontario) to establish and maintain long term relationships which we believe are vital in bringing about change.

We will be partnering with another Toronto-area church to facilitate a summer camp program for these youth and to support further opportunities for Careforce to reach into the lives of those in this hurting community.

Dates: August 7-12, 2011
(senior high & twentysomethings)

Cost: \$250/person (includes transportation, accommodations, food, materials, etc.)

Website: www.careforceinternational.ca

IMPORTANT NOTE!

You need to make arrangements to be able to be away from home for the **ENTIRE** trip – this allows us to work as a team to make a focused impact on the community we are working with.

Completed applications must be submitted by Sunday March 6!

WHAT WE WILL BE DOING...

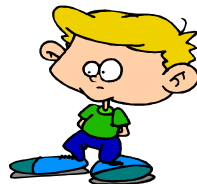

The program we bring to the reserves is called BASE Camp on the Rez - an acronym that describes the approach that Careforce uses and the reasons behind that approach. Base Camp is a one week camp offered on the reserve at various time throughout the year.

B - Balanced Living - Careforce uses a holistic approach, addressing physical, intellectual, emotional, spiritual and relational needs of children and youth.

A - Arts and Athletics - Careforce involves children in creative and physical activities to encourage self expression and to promote a healthy lifestyle.

S - Service - Careforce engages children and youth in activities that empower them to BE THE ONE to make a difference in their communities in order to develop an awareness of the needs of others and a sense of purpose in their lives.

E - Education - Careforce offers programs that teach a range of skills to help children and youth become more productive members of society. Careforce also teaches key living values to build character and self esteem along with the teachings of Christ to provide meaning and direction in their lives.

*How might
God use you
in their
lives this
summer?*
